the Newton district court has and one 15, were involved urged that Newton school authorities should sponsor programs "pointing out the serious dangers inherent in the use of marijuana."

"For the schools to remain silent in this area would constitute a failure in their duty to educate," Judge Yes-ley observed.

He made this statement as he contradicted rumors that there has been widespread marijuana smoking by Newton High School students.

The jurist said, in effect, the following statement: that the facts brought out be fore him indicated that only

Judge Julian L. Yesley of three boys, two 16 years old

Judge Yesley continued the complaints against the three boys for one year and made no findings.

Police Captain John N. Mc-Mullen presented the case before Judge Yesley. Testimoney was given at the juvenile session by Sergeant William J. Nally, Safety Of-ficer Charles E. Feeley and Patrolmen Ernest S. Daly and Edward Meredith.

Following the closed-door hearing, Judge Yesley made

Let The People Decide

The choice of Haskell C. Freedman's successor on the School Committee should be left to the people of Newton in next November's election.

If Freedman had resigned a year ago, there would have been some justification in the Board of Alderman and School Committee picking a replace-

There is no such justification now.

The School Committee does not meet in July or August. The person elected next November to succeed Freedman could take office immediately.

The only thing that would be accomplished by designating Freedman's successor in the meantime would be to give one person an unfair advantage in the November election campaign. That should be done. This is a selection which can be made by Newton voters from the candidates who offer themselves for consideration.

Curb On Mail Order Guns

The Johnson Administration's bill to curb mailorder gun traffic, sponsored by Senator Thomas J. Dowd, (D) of Connecticut, has set off a barrage of charges and counter-charges during recent Congres-

Proponents of the bill explain that its purpose is to end the uncontrolled purchase of guns by mail order. They stress, that according to police records guns, and their easy accessibility, (mostly without question) have contributed substantially to

Opposition to the legislation by the National Rifle Association and sportsmen's organizations, is based on concern that it would limit the access of honest sportsmen to weapons and ammunition to which they are legitimately entitled.

The National Rifle Association as chief opponent to the proposed bill, is a formidable one. It has lobbied effectively against gun legislation for many

In answering the NRA, the bill's proponents point out that it does not apply to sporting-type fire-arms, such as shotguns and rifles. Thus the sportsmen would not be restricted from purchasing this type of gun, even if bought in a nearby state.

Those favoring the bill are emphatic in pointing out that it is not designed to curb the activities of the sportsman. It will not take away his gun. There is nothing in the bill which suggests this. It will not prevent a hunter from purchasing a shotgun or rifle another state and bringing it home.

But it is intended to outlaw the sale of revolvers pistols indiscriminately and without investigation by mail order. These may be purchased almost at will by juveniles, criminals or the mentally dis-

Political Highlights

Persons close to Attorney General Edward W. Brooke hint broadly that Brooke will rally his followers in the Republican State Committee in an attempt to oust Dumaine if Volpe does not move against Dumaine in the reasonably near future.

Brooke has never regarded Dumaine with any enthusiasm and would gladly maneuvre his removal even ful organization. though the GOP State Committee still owes Dumaine the tidy sum of \$150,000 which he loaned it to keep

However, it's not certain that Brooke has enough muscle in the Republican State Committee to give Dumaine the heave-ho without the help of Volpe, and right now some of the Volpe partisans on the State ommittee are defending Dumaine.

They point out that Republican Finance Commit-Chairman Ladd Plumley of Worcester has been running the fund-raising drive and that last winter the State Committee amended its bylaws to give Plumley greater authority.

Plumley has about as thankless a job as it's possible to imagine.

Cong. MacDonald Speaker At Big Democratic Event

Congressman Torbert H. MacDonald was the featured speaker at the Biennial Victory Dinner of the Newton Democratic City Committee held recently at the Chestnut Hill Country Club.

He talked briefly of the history of Viet Nam and the problems within the country caused by tribal loyalties and religious differences.

In discussing the roll the United States must play in Viet Nam, Cong. MacDonald, who spent six days in the field with the troops there, expressed a belief that the United States has now reached a point where the war must be either escalated or that we should withdraw should withdraw.

MacDonald went on to say that supporters of both these alternatives have a sound basis for their arguments.

OLKEN'S

Keds Contest Winners at Olken's

Two lucky young men winning Colonel Keds Electric Megaphones were George Bond, 11. of 124 Benvenue street, Wellesley, and Jeff Metchek, 5, of 26 Locust lane, Needham. Their names will be entered in the big New England Keds contest where the grand prize will be a Volkswagen bus. A goodly audience in attendance at the drawing seemed engrossed in displays of Keds aneakers and summer sporting goods. Asked to congratulate the winners, the spectators called instead for a salesperson, adding such statements as "Boy, did you ever see such a fishing rod?" or, "We're going to the mountains. Olimbing boots for all." Still, it was a memorable occasion and young Masters Bond and Metchek plan to dash down in their Keds to pick up their Megaphones.

Alderman David W. Jackson cast the lone vote against them. Jackson earlier had served notice that he would vote against all four nominations unless the Aldermanic faith by approving a petition of a group which asked that a public meeting be held to give them an opportunity to question the qualifications of the Mayor's four appointees.

The appointment of Mario DiCarlo for a four-year term was confirmed by a 16-2 vote, with Aldermen Jackson and William Carmen opposing confirmation.

William A. Lincoln, former Republican fund-raiser, who was nominated for a five-year, term, was confirmed by a 15-3 vote. His appointment was onposed by Aldermen Carmen, Jackson and Paul J. Burke.

Carmen led fights against the appointment of both Di-Carlo and Lincoln.

He said that DiCarlo originally was appointed by Mayor Gibbs as a representative of labor but that it was now agreed that DiCarlo might not qualify as a labor representative made to have the State Housing Board satisfy the law by naming a represen-tative of organized labor as the fifth member of the Redevelopment Authority.

Carmen charged that the Mayor and the Board of Alder-men in effect were abdicating their responsibility, power and right to appoint a labor mem-

Newton Priest Tells Of Latin Rock-and-Roll

Rock-and-Roll has come to the "radio schools" in South America.

The Maryknoll "radio schools" educational broadcasts brings literacy to Latin American Indians and teaches them needed skills.

They also enable Indian musicians to see how their music sounds over the air waves, reports Father Francis B. O'Hara, Maryknoll Missioner from West Newton, Daddy Of Eight Is stationed at Penyas, Bolivia.

Sen. Pres. Maurice Donahue In Strong Run For Governor

State Senate President Maurice A. Donahue of Holyoke has not yet formally announced himself a candidate for Governor, but he appears to be well on his way toward locking up the gubernatorial endorsement of next year's Democratic State Convention.

Even though the convention is still 12 months away, Donahue has made remarkable progress in lining up the support of the men and women expected to be delegates to the '66 conclave.

This is due partly to Donahue's own popularity in the Democratic party and partly to the strong impression in political circles that Senator Edward M. Kennedy will back Donahue for the Governorship.

Iesus as our Guide

Let this mind be in you, which was also in Christ Jesus

We regard ourselves as Christians and no doubt most of us really believe we are and would hotly resent any suggestion to the contrary. Friends, let's be honest about it. How many of us have ever seriously considered just precisely what qualities entitle a person to be called a Christian and have then had the courage and humility to arraign ourselves at the bar of our conscience and render a true verdict as to whether we really filled the role? Very

few of us, I venture to think. Let us test ourselves now in one particular and in that connection do a little defining and self-searching. Let this mind be in you, which was also in Christ Jesus. Such was the urgent counsel of St. Paul. To strive to attain this state is to aspire in very truth to be a perfect Christian. That seems a big order. Yes, and Christianity is a religion which makes hard demands upon those who would practice it in spirit and in truth. But Jesus did not regard it as fantastic to go so far as to admonish His followers to be perfect even as their Father in Heaven is perfect! So let us try to enter as best we can into the mind of Jesus and thereby seek His grace and guidance. Thus we shall meet our daily problems with that enlargement of vision, enrichment of understanding and deepening of sympathy which such a spiritual experience is cer-

tain to assure us. By what means shall we enter that transcendent mind so as to share its wisdom and possess its spiritual treasures? Without renouncing any theological opinions we may entertain, let us go straight back to the simple Bible account and try to understand for ourselves the mind of the Founder of Christianity. With such understanding as we can thereby acquire let us ask ourselves what judgment Jesus would have passed on the practice of ex-

perimenting on live animals. Seeing the multitude that gathered about Him to hear the glad tidings and having gone up into a mountain, in the course of He proclaimed start cormon man has ever heard on earth "Plessed are the merciful for they shall obtain mercy." Throughout His mission that cardinal attribute of the rightly conceived life was never absent from His thoughts, was repeatedly expounded in His discourses and at all times vividly exemplified

It is impossible to believe that Jesus intended our mercy to. end with our own kind, thereby excluding all the sub-human kingdom which has its appointed place in the scheme of divine

creation and in the fatherland of universal love. Let us now imagine Jesus in a medical classroom or experimental laboratory and see Him who turned and looked upon Peter, turn and look upon the piteous and revolting spectacle of the deliberate and remorseless torture of inoffensive and defenseless animals by those for whom He prescribed His gospel of compassion as the rule of conduct for all the sons of His Heavenly Father. What would He have said? "Shouldest thou not have had compassion upon these, even as I had pity on thee?" So He seems to me to say, and I shall act accordingly. And it is hard for me to see how any other attitude can be taken by one who professes to be a true Christian — that is, one who heeds the injunction of St. Paul to let this mind be in you which was also in Christ Jesus and who accepts that mind as the guide in judging vivisection.

A CUTE STORY

"Where is your car?" She replied that it had not been registered as yet this year because it was a convertible and was in their backyard until yesterday.

"OK!," said our Miss Roberta, "but where is the car now Madam?" the answer came — "I don't know." "You don't know," said Ro-berta in amazement. "No," the good lady said," I think it has been stolen."

Keeping a straight face, Miss Roberta said politely, "I think you are in the wrong office. The police station is just down the street." "Oh, I don't need the police," our new customer replied, "I just want to be sure that the nice young man who did my lawn yesterday doesn't get in trouble. After all, isn't it illegal to drive a car with no registration plates and no insurance?"

ditor's Note: It is all in a day's work at the "Sign of ound Insurance."

Lee Loumos Says:

It's a cruel fate that rules the destinies of air-aonditioning specialists. Here I am with a nice cool air-conditioned office and equally air-conditioned home, but where am I for at least 12 hours a day? Usually in hot, humid homes making cooling surveys ording herd on a mountain of service and installation orders on the sizzling warehouse platform!

Believe it or not, I'm the first one to wish for a cool spell to release the pressure. But, as the saying goes, "It's a living." At least, there is one thing I am thankful for, when I finally do get home and to bed and that is the restiful night's sleep my own air-conditioning affords me Without it, I don't know how I could cope with the ordeal of the next day's work.

Hold-up Men Get \$10,000 Ring In West Newton

Two robbers who tied up a West Newton housekeeper last Monday, made off with jewelry that included a dia-

mond ring valued at \$10,000.

The men went to the home of Alan E. Kniznick, 29 Ellis Rd., posing as mailmen. The housekeeper, Heriberta Mo-moytio, 50, a Cuban, was alone, and opened the door to receive what was purported to be a special delivery pack-age. They bound and gagged her, then made a 15-minute tour of the house, and left with their loot in a pillow case

Later, the woman loosened the venetian blind cord with which she was tied, and called her employer. Mr. Kniznik, a Watlham furniture dealer, re-ported that all the family jewels were taken.

and resignations to be acted Asked if the lengthy list

was an indication that the personnel situation might be getting out of hand, Assistan Superintendent for Personnel James P. Laurets replied, "We are in very good shape," adding that only three positions remain to be filled in the senior high schools, and nine full-time teachers must be obtained for the secondary schools.

Laurets called on Assist-and Superintendent Allan Acomb for a more detailed report. Acomb said that 160 teachers in colleges with Bachelor degrees but no experience had been in-terviewed, and of the 160, bids had been made for 20. Of the 20, six were not interested in coming to Newton, and 14 were hired. Acomb called that a good

average.

At the suggestion of John
E. Gilliland, director of business services for the schools the committee voted to rescind their March 5, 1952 vote on overtime for custodians and substitute for it an ar rangement whereby authorized overtime would be paid only in hours actually worked in an overtime period

Gilliland explained that the 1952 arrangement was made at a time when most of the schools were heated with coal, a fuel that required rather constant attendance but now that there are only one or two schools whose conversion to oil has not as yet been accomplished, there is no longer need to pay over time for the stoking of coal burning furnaces.

Dr. Brown read a long letter from Edward Rich-mond, chairman of the Newton Committee for Fair Housing and Equal Rights, in which the writer ex-pressed regret at the com-mittee's decision that a question of legality was involved in his proposal that the taxpayers' money be used for bringing Negro children from Boston to attend summer school ses-

sions here.
It was the sense of the meeting that the superintendent reply to the letter by restating the committee's policy on the matter.

Small Return To Newton In New Tax Plan

Newton would get practically nothing under the new proposed Democratic tax program, which would take big income tax bite out of the pay envelopes of the city's wage earners.

Only a tiny fraction of the taxes collected by the State from the Newton residents vould be returned to the city's treasury.

The new revenue provided by the Democratic plan would be equivalent to only \$1.28 on the city's tax rate
A public hearing on the

Democratic program will be be held at the Gardner Auditorium at the State House next Monday.

Alert Residents

Editor of The Graphic: We of the Newton Centre Neighborhood Association would like to alert residents of Newton who are interested in good city planning, fair ur-ban redevelopment, and wellplanned housing for the elderto two petitions which will e presented to the Board of Aldermen on Monday evening, June 14 at 8 p. m. We oppose both of these petitions and would urge others to join us at the hearing.

The first petition is very

much the same as a petition which was denied by the Board of Aldermen in December of this past year. It is a petition which seeks to allow for the continued expansion and increased operations of an oil company in an otherwise quiet, residential neigh-borhood. For the past 80 years, this company has operated as a small retail coal and oil company with its stor-age facilities on a lot at the corner of Paul Street and Centre Street in Newton Centre. It has served the homes of Newton with fuel and has done so efficiently and well.

Now, however, under new

ownership, the character of the business has changed. From a small retail operation, of Newton; Elaine Ruth it has grown into a large Hough—Horace Mann PTA; wholesale business. However, they seemed reconciled Monday night, when the petitioner reduced his request to 128 units in eight buildings, with a swimming pool, putting green, shuffle board and parking areas.

According to a representative of the petitioner, the com-munity now proposed would have 80 units renting at \$165 to \$175 per month, 30 at \$150 to \$160 and 16 studio units for approximately \$135.

Newton High Sophomore Given Eagle Scout Award

Fraser B. Gurd, 16, son of Dr. and Mrs. Egbert H. J. Mueller, 707 Commonwealth ave., Newton Centre, received the award of Eagle Scout from Troop 219 during its recent Court of Honor held at the First Church in Newton

importance, and responsibility carried by the rank. In particular he stressed the fact that of the millions of boys in Scouts, only hundreds receive Eagle.

Since he joined Scouts in 1960, Fraser has been active in troop meetings, camping and hiking trips, and conser-vation and service projects for both troop and council.

An excellent camper, he has taken part in several special Scout camping and hiking trips. In the winter of early 1962 he went with then Scout master Collins and severa other Scouts to Little Dia-mond Island in Casco Bay, Me. The following summer along with two other boys and the present Scoutmaster, Ronald Dean, he hiked a total of 103 miles in two weeks along the Long Trail in Vermont from the Canadian border to Appalachian Gap. He has partici-pated also in two Troop hikes up Mount Monadnock in Jeffrey, N. H.

In the spring of 1964 Fraser In the spring of 1964 Fraser camped with six other Scouts near Dan Hole Pond in New Hampshire, and in April of this year he camped with the Troop at Clarendon Lodge on the Long Trail near Rutland, Vt.

Fraser has held the offices of assistant patrol leader, pa-trol leader, and senior patrol leader, and is presently the assistant senior patrol leader for the Troop.

Corcoran's Now To Sell Sunbeam Cars

Wellesley auto dealer John P. Corcoran's decision to add the Rootes Motors Sunbeams to the Fords and Jaguars he sells at his Route 9 showroom reflects close cooperation in international business and bitter rivalry in the sports world.

This unique combination stems from one of the new Sunbeam cars the Corcoran agency is selling beginning today, the Sunbeam Tiger. This car is built in England and is every inch a true British sports car. But it uses a Ford V-8 engine made in Dearborn by Americans.

born by Americans.

In an historic move made last year, Rootes contracted to buy several thousand of the Ford power plants for its new Tiger sports car. The deal was described as the biggest of its kind in the automobile industry.

mobile industry.

The rivalry side comes from the fact that the Sunbeam Tiger and the Ford Mustang, both of which Corcoran is now selling, are pitted against each other in sports car racing throughout the country. Both cars are new to the sports car scene and their race track battle is being watched closely by racing fans from coast to coast—particularly as one car represents the American sports car and the other the British sports car philosophy. One week there's a Tiger victory, the next time the Mustang wins

John Corcoran's reaction to the Tiger-Mustang battle is summed up in his comment: "The consumer will be the long range winner no matter which car scores the most race track victories. This is because total performance of this type forces engineers of both companies to produce maximum reliability and top power from their machines. This is reflected in better products for everyday motoring."

According to Maurice Gunn, regional sales manager for Rootes Motors in the New England territory, Corcoran Motor Sales, a dealer in U. S. cars for 20 years, is particularly well qualified to handle imported autos. "Service at Corcoran is absolutely top notch," said Gunn. "Good service is something the imported car owner is very demanding about. Corcoran's reputation in this regard is one of the main reasons we wanted them to represent us in the Wellesley-Newton area which together with Framingham represents one of the best imported car markets in the country."

Gunn pointed out that Corcoran Motor Sales has ranked among the top five Ford dealers in the country for quality of service ever since 1945. Corcoran has also been a winner of the Ford Motor Company Distinguished Achievement Award every year for the past 20 years.

Locally, Mr. Corcoran is known for his civic activities which include six years of service on the Wellesley Planning Board and the presidency of the Exchange Club. He is a graduate of Boston University.

Rootes Motors is one of the

Rootes Motors is one of the first European firms to start the popularization of Britishmade economy sedans and sports cars in the United States. It began operations here in 1947. The parent company, the Rootes Group, was for years headed by the late Lord (William) Rootes. His brother, Sir Reginald Rootes now heads the firm which is active in 163 countries and dates back to 1898. In the U. S., Rootes has over 450 dealers coast-to-coast. Major parts depots are maintained in New York and Los Angeles and dealers are regularly serviced by Air Express.

Rootes products include the Sunbeam Tiger with its 260 cubic inch, 164 horsepower Ford V-8; the Sunbeam Alpine sports car with a four cylinder 90 horsepower engine; the Sunbeam Imp Sportsedan, a Scottish-made rear engined economy car that gets better than 35 miles to the gallon; and the Sunbeam DeLuxe Sedan, a four-door family car which is the only sedan available with fully automatic transmission for under \$2,000 (price at ports of entry).

entry).
All four models, the Tiger, the Sunbeam Alpine, the Imp Sportsedan and the Sunbeam Deluxe will be sold and serviced by Corcoran Auto Sales.

Newton League.

The process which led to the establishment of the Institute dates back to 1947, when the League of Women Voters of the United States established the Carrie Chapman Catt Memorial Fund named for the well known civic leader and founder of the League. Its purpose, to for a cost of \$10. impart to men and women everywhere a knowledge of the principles and operation of self-government, had annually brought new requests for the Fund's services. With the expansion of the program to meet such requests, the need developed for a simpler more explanatory name. In 1961, the Carrie Chapman Catt Memorial Fund became the Overseas Education Fund of the League of

Voters. The League of Wome Voters has no financial obligation to the Overseas Education Fund. Likewise, the Fund has no financial obligation to the League. The pro-gram of the Fund has been made possible by gifts from individuals and corporations and by grants from founda-

NOT IF, BUT WHEN YOU CONVERT TO GAS HEAT

INSIST ON THE GORDON BURNER

Sooner or later you will tire of other fuels. Like your older clothes, they will seem outmoded even though still useful. In this age, fuels like clothes become old fashioned.

You will wish to try gas. Many of your friends are heating their homes with gas and would never change back to other fuels.

Boston Gas would like to heat your home and are willing to loan you the burner for a one year trial, with their clean economical fuel.

Especially, if you insist on their installing a Roberts-Gordon Conversion Burner in your home. Gordon Burners cost the Gas Company only a few dollars more than ordinary burners and upon re-

quest, they will supply them. You will save on the use of Pilot Fuel, and by spreading the flames, vastly cut down on your Home Heating Costs.

Plus another great feature, namely, Gordon Burners generate their own electricity and you will have heat even when the wires are down. Phone us for a descriptive folder on the Burner

that heats over 50,000 homes. PHONE 969-7340

This was disclosed at This was disclosed at Monday night's meeting of the Board of Aldermen when a \$340,000 bond issue and an \$11,000 appropriation order were approved to provide the additional funds needed to finance the erection of the incinerator.

Alderman Melvin J. Dangel, chairman of the Alder-manic Public Building Committee, explained that extra \$350,000 is needed be-cause of the rise in cost of both labor and materials since the municipal incinera-tor was first proposed by Mayor Donald L. Gibbs.

The Mayor originally initiated steps for the construc-tion of a new municipal in-cinerator about four years ago in the summer of 1961.

Present estimates that the incinerator will be completed and ready for use in the early winter of 1967.

Meanwhile, construction costs have gone up so that the \$2 million provided for building the incinerator is no longer adequate.

A long hassle over the selection of a site for the incinerator was the principal reason for slowing down plans

Fund Campaign At Brandeis U.

A number of Newton resi dents are prominently con-cerned with the Christian A. Herter Endowment Fund, created at Brandeis University in honor of the former Massa chusetts Governor, U.S. Sec retary of State and present special representative for trade negotiations of the Unit ed States.

The official committee, head ed by the honorary national chairman, former President Eisenhower, and in Massachusetts by Sen. Leverett Saltonstall, Governor John A. Volpe and Sidney R. Rabb, has been formed with the objective of raising \$400,000 for the fund so that an endowed chair in International Relations, nam-ed after Christian A. Herter, can be created at Brandeis in the near future.

It is hoped that the cam-

paign can be successfully com-pleted before Mar. 28, 1965, which will be the end of Mr.

Herter's 70th birthday year. Chairman for the city of Newton is Stanley Lowenberg, and Sidney A. Aisner is co-chairman.

The executive committee, in

addition to them, includes the following Newtonites: Emanuel Goldberg, Wilfred Chagnon, Robert S. Kretschmer, William Carmen, Mark Bortman, Denholm M. Jacobs and Richard C. Paine

Persons wishing to contribute directly toward the Christian A. Herter Endowment Fund may send gifts to the office of the associate director of University Planning and Development, Brandeis University, Waltham. Checks should be made payable to Brandeis University.

Which Tax Program?

Two tax plans are now pending before the State Legislature. One was proposed by Governor Volpe. The other was advanced by the Democratic members of the joint legislative committee on taxation.

Volpe's program calls for a moderate increase in the State income tax and a limited 3 per cent sales

The Democratic proposal advocates a much bigger Gives Diplomas boost in the State income taxes-an 80 per cent hikeand an assortment of other taxes, including a tax on insurance permiums and an 8 per cent tax on interest from savings bank deposits.

All the indications are that one of these two programs eventually will be enacted by the Legislature.

Newton would fare substantially better under Governor Volpe's program than it would under the so-called Democratic plan.

Volpe's plan would give Newton \$1,424,968 in additional revenue which would be tantamount to \$4.44

The Democratic plan would yield Newton \$411,414 in new income which would be equivalent to \$1.28 on the city's tax rate.

If you favor one tax program over the other, you should telephone or write your State Senator and State Representatives and tell them how you feel and what you believe should be done.

If you don't contact your legislators, they have reason to assume that you are indifferent to the tax controversy and that you are not interested in which

The democratic way is to make your opinions felt.

Not if, but when you convert to GAS HEAT

Insist on the GORDON BURNER

Everyone knows GAS is your CLEANEST FUEL and when burned in the GORDON BURNER, IT'S also the least costly form of HEAT.

However, while most Gas Companies sell only the Roberts-Gordon Burner, yet in some cases, it's up to the Customer to specify Gordon, if he wants the BEST. The Gordon Burner costs the Gas Company only a few dollars more but it can save you, the customer, many dollars in Home Heating Costs.

Gordon Burners generate their own electric power and require no outside current at all. This feature assures you of heat at all times. Even when the Wires are Down.

Gordon Burners use far less pilot fuel than ordinary burners or boilers. They spread the flames better and waste less heat into the basement.

You will find Gordon's Burners in over fifty thousand New England Homes. Some have been in use for over thirty years.

If you wish the best, insist on the BEST. Your own plumber will tell you that means Roberts-Gordon's Gas Burner.

Local Man Is Made Colonel In Air Reserve

Joseph Nass, of Newton, manager of the Itek Corporation's Contracts Administra-tive Department has been named a Colonel in the Air

Force Reserve.

Nass, who resides with his wife Marilyn and two children at 20 Wessex road in Newton Centre, made the difficult jump from Lieu-tenant Colonel to Colonel through the Air Force's annual "overall vacancy" ac-tion. His promotion, one of 526 from among 6,700 eligibles, became effective June 15th

An active reservist since his release from active duty at the close of World War II, Nass also served as Chief of Contract Writing and Price Analysis in the Procurement and Production Divis 1 of USAF European Headquarters when recalled to active

duty from September of 1951
through October of 1953.

His efforts during this
period earned him a special

Five Things To Look For In Selecting Cantaloupes

By LYNN MARSHALL Norfolk County Extension Service

Do you know how to pick a good cantaloupe—one that will be a real taste treat? This popular variety of melon is a feature at many supermarkets now. When shopping for a cantaloupe look for these five points:

Netting, slip, color, firmness, and aroma.

The cantaloupe should be be an immature melon that has colored up.

Now for firmness, Squeeze Now for firmness, Squeeze raised, gray-brown pattern over the surface that stands out above the green or yellow Check, particularly, the blos-

out above the green or yellow color of the skin. A good-eat-

stem was detached when the ripe melon was picked. A min C. One quarter of an avstem scar that retains part of erage-size cantaloupe pro-

Skin color of a cantaloupe that's a "taste tempter" is usually yellow or is turning yellow. Green color on a well-netted melon with a full slip indicates that the melon isn't ready to eat. The flesh is likely to be hard and not yet fully flavored, Yellow skin color indicates good flavor and mellow, ready-to-eat flesh. But yellow color without good net-yellow color w

Both John T. Fennelly owner of the Tower Rd. prop-erty, and the First Federal Leasing Corporation, the lessee, were agreeable to the restrictions, Ham said.

Another docket item that consumed considerable time at the session was a petition by Holiday Inn on Grove St., Newton Lower Falls, for per-mission to erect signs by which the motel could make its presence known to Route travelers, who were calculated to be potential customers, but who, without adequate signs, would not be aware of its location.

This matter, too, was held for the next meeting as a result of a 19 to 0 roll-call vote. Alderman Ham, as Claims and Rules chairman, had described specifications for the Inn signs which had been agreed on by a majority of his

Considerable debate ensued, and it was suggested, and agreed to by Ham, that the motel, a \$2,000,000 project, was important to the city and its proposals deserved care-ful consideration. Alderman Dangel moved that the comto reconsider the matter of its onditions.

As a result of the private meeting, the committee arrived at a compromise comprising specifications for signs that would adequately identi-fy the motel, and at the same time were calculated to meet any possible objection from
